

## Participant Evaluation Report PM04 Conference Paper

"Vision Verbs and Viagra, Potent tools for program management in a world of complexity"

Below please find the results of the session evaluations filled out and returned at the close of your session. For each question you will see two results: The results from your session and the aggregate total for all sessions in that Area of Focus. At the end you will see any comments that may have been added by the attendees. Comments irrelevant to your presentation (e.g. the food was good, the venue is too large) have been deleted. In some cases, there were no additional comments. If you have any questions, please feel free to contact me.

**Other Reason for Attending (Question 8e)**

I attended this for advanced PM information - this did not provide advanced information.  
Very interesting sounding title

**Unsolicited Comment**

This was the best session I attended at 2004 PIMI. I am OD'd on process and ingenuity. I need the effective vs. efficient. Absolutely will follow up on the web site.

Very interesting, non-traditional approach. I understand if others did not like it. Not everyone is ready/likes non-conforming approaches. I really enjoyed. It is thought provoking. Thank you.

Greatly appreciated. Refreshing innovative session. Stimulates thinking.

I had difficulty understanding the speaker at times.

I feel guilty for claiming 1.25 PDUs for this session. The speaker's message was lost on me. I arrived a couple minutes late and kept waiting to see more evidence I was in the right session. I never saw any link to the session description for PMP 09.
